

IMPROVES PATIENT EXPERIENCE

QUICK ACCESS TO EVIDENCE-BASED CARE: The *Automated Assistant* helps people in suicide crisis with immediate, on-demand evidence-based protocols that are compassionate, empowering and destigmatizing at any point of care

DECREASES AGITATION & EMPOWERS COPING: Provides guided therapeutic assessments and *Comfort & Skills* videos with activities drawn from Cognitive Behavior Therapy and Dialectical Behavior Therapy to help patients stabilize the crisis and learn coping strategies for the future (SUPPORTING STAT: 93% of Jaspr Health's patients learned skills to cope with future suicide urges vs 12% of care-as-usual)

ENGAGES PATIENTS WITH PEER SUPPORT: Provides impactful *Shared Stories* from survivors with lived experiences to give guidance, inspire hope and create meaningful connections (SUPPORTING STAT: 93% of Jaspr Health's patients received messages of hope and coping from people with learned experiences vs 6% of care-as-usual)

STRENGTHENS CRISIS STABILITY PLANNING: Walks patients through the step-by-step creation of an empowering, high-quality *Crisis Stability Plan* based on behavioral skills to improve their capacity to cope with suicidal urges (SUPPORTING STAT: 100% of Jaspr Health's patients reported creating a crisis stability plan vs 12% in care-as-usual)

GUIDES LETHAL MEANS COUNSELING: Works with patients to develop a *Lethal Means Safety Plan* to reduce easy access to firearms and other means to harm oneself as a protective step during crises (SUPPORTING STAT: 85% of Jaspr Health's patients developed a Lethal Means Safety Plan vs 6% in care-as-usual)

PROVIDES ONGOING POST-VISIT SUPPORT: *Jaspr At Home*, a companion mobile app, provides ongoing evidence-based support during the high-risk period that follows hospital discharge

Quotes:

"It's one of the best experiences that I've had, ever, in a hospital." - Participant 8019, Individual seeking psychiatric crisis services in the Emergency Department, Observational Research

"Coming out of the psych ward this time with the Jaspr program gave me a lifeline I never had before." - Anonymous Patient

"The Shared Stories gave me even more hope to think about the hope living in me to keep me going." - Anonymous Patient
