JASPR HEALTH

# Frontend Developer

Jaspr Health is on a mission to reduce death by suicide. We are a Seattle-based company founded and advised by the world's experts in mental health and behavioral psychology, and our technology is enabling healthcare systems to deliver evidence-based suicide prevention at scale.

Why is our work important? Simply put, hospital emergency departments are the front line to prevent suicide, yet few are equipped for the increasing patient load — 14.5 million behavioral health emergencies per year, growing 12% annually. And people in suicide crisis face lengths of stay four times longer than other emergencies.

Jaspr Health's tablet-based solution transforms hours of waiting into an opportunity for evidence-based interventions, powerful videos of individuals with lived experience to instill hope, a library of comfort and skills exercises, and EHR-integrated assessment to inform disposition decisions. Jaspr targets improved patient outcomes, satisfaction, and throughput ROI.

## We Need You Because…

Our small team of technologists are building a product that saves lives and we need a Frontend Developer that is passionate about software that makes a difference.  You'll enjoy coding in JavaScript, storyboarding with our Product gurus, and implementing beautiful UI/UX experiences for our users.

## Essential Qualifications

- 3+ years in
  - Javascript
  - React
  - React Native
- A desire to improve outcomes in America's healthcare system
- Good verbal and written communication skills
- Ability to work effectively with a fully remote team

## Desired Qualifications

- Experience in:
  - Typescript

- ○ Expo
- ○ Python
- Implementation experience of designed UI/UX

## How to Apply

In your application, please:

- Attach a PDF of your cover letter. In your cover letter, introduce yourself and explain why this position is of interest to you, and why you would be a great fit.
- Attach a PDF of your resume.

Submit your application directly to Joe Restivo at **joseph.restivo@jasprhealth.com.**
